

# THE GAIUS WAR: CHAPLAIN CASTOR

A long time friend of Captain Artemis, Castor was pivotal in seeing the young Captain promoted and personally vouched for him to Marneus Calgar. He is considered to be the greatest of diplomats to the Ultramarines Chapter and is often called upon for advice by the Chapter Master. Now a veteran of many campaigns, Castor has been assigned to Artemis to help guide him and his company while on deployment in the Gaius Sector.
